ABOUT ME

As a front-end developer, I specialize in transforming digital concepts into engaging, user-centric websites. With expertise in HTML, CSS, and JavaScript, I create responsive and interactive designs that prioritize both aesthetics and functionality. Driven by a passion for seamless user experiences and attention to detail, I ensure every project I work on is both visually appealing and technically robust.

EXPERIENCE

Training as Junior Web Developer

Programming Hero | Dhaka, Bangladesh
2022 - 2023

I underwent comprehensive training as a junior web developer, gaining practical skills in front-end development, including coding, debugging, and collaborating on web projects, while honing my problem-solving abilities.

Several Project Completion

Developed a few projects, such as a portfolio, blog site, and question bank with ReactJS and other necessary packages.
